# JASC

Japan America Student Conference

*Founded in 1934 by students concerned by pre-war relations, the Japan-America Student Conference (JASC) is an educational and cultural exchange for university students based on mutual understanding. Through JASC, delegates will gain unique perspectives about current world issues through engagement with other students and a range of professionals.*

## Roundtable Topics

- Environment and Technology
- Personal and National Identity in Society
- Post-Crisis Reconstruction
- Human Rights and Responsibility
- Cooperative Security in the 21st Century
- Cultural Innovation and the Arts
- Business and Ethics in the Modern World

*“The annual Japan-America Student Conference is one of the most meaningful and worthwhile programs of intellectual and cultural contact between Japan and the United States.”*

The Honorable Edwin Reischauer  
Former U.S. Ambassador to Japan
